

Reducing vehicle crime

- Shut windows and lock doors
- Do not leave anything on display
- Never leave the keys in the ignition
- Always keep your keys in a safe place: at home keep your keys out of sight and away from windows and doors; remove your ignition key every time you leave your car and always ensure it is locked. It only takes a few minutes for a thief to steal your car
- Fit locking wheel nuts to protect your wheels and tyres
- Arrange to have your vehicle registration number etched onto the glass surfaces, including headlamps

Fit an immobiliser, either electronic or mechanical, such as a steering wheel lock. Information on vehicle immobilisation products can be obtained by calling the Vehicle Security National helpline on 0870 550 2006 or visit www.secureyourmotor.gov.uk
