

Blenheim Gardens RMO

A partnership for a pest free environment

Pestokill are supporting Blenheim Gardens Estate residents with an annual inspection scheme. The annual inspection will provide an opportunity to treat any pests and to advise you on potential pest entry and harbourage areas around your home.

To arrange an inspection at your home you can book a suitable appointment (2 hr window slots offered) at the RMO estate office at 24 Prague Place, SW2 5ED; telephone our free phone number 0800 288 9911 or by using our on line web portal at www.pestokill.co.uk/bgrmo

If you would like any advice on a potential pest issue, please contact us or discuss with our Technicians on site.

Prevention is better than cure Simple measures can help to prevent pests being attracted to your property.

Consider that a mouse can get through any hole larger than a biro, holes around pipes and brickwork are a primary entry points.

Pests love food, the smallest crumbs will feed them so make sure waste is stored in a bin with a lid and if you get pests inside, we recommend putting food in tins or plastic containers and lifting pet foods from the floor after use.

Our Pest Management team look forward to meeting you and helping you maintain a pest free environment.
